

Rosie Brunton

[she/her]

Current Student Representative A

Candidate Statement:

Hi, I'm Rosie! I'm running for CSR [A] in this election! I'm running to be a representative of the QMU because I believe in the message of this union and I trust I can help the union to join with more student voices that echo their beliefs - to create a safe, diverse and inclusive environment at the Union for all. Being an active figure in society spaces, and my experience volunteering with the QMU for 2 years, I know what students need from their Union space, and how to implement such needs.

Manifesto:

My manifesto hinges on three major points:

Community:

The QMU throughout its history and now, prides itself on its commitment to their beliefs, their ability to use their voice, and their willingness to stand up. I believe the QMU should be actively working with more societies that reflect these principles, creating events that bring people together, fostering a valuable community.

Accessibility:

Hosting many events in my time at university has given me key insights into what it means to be accessible, thus I would make it a priority to ensure everyone can enjoy events at the QMU, from arrangements for anyone who may need, to quiet spaces, to alcohol free activities, this would be one of my top goals as a CSR

Information:

In a role such as CSR, I would champion for more transparency of information. It is difficult for students to fully understand how to be involved in the QMU, particularly if you're not a member of the board, or a first year whom has not participated in freshers training. I would love to make it clearer to societies how they can become partners with the QMU for their events, and how students can become involved here.
