

LUCY STOBIE

CSR A Candidate

My name's Lucy Stobie and I'm a third year English lit and philosophy student. I'm running for Current Student Representative after freshers helping with the QMU, which heavily inspired me to get more involved with the union. The QMU is by far one of most vibrant and welcoming places to be on campus, so I'd love to play a part in fostering the growth of student events this year. Being a CSR would allow me to contribute and feedback ideas on how to keep the student union as inclusive and exciting as possible.

One of my main priorities as CSR is the upkeep of inclusive programming within the student union. The QMU should be a venue that caters to all students by striking a balance of both day and night-time events. To ensure there's always something on for everyone, I'd like to bring numerous ideas for non-drinking and destress events to the board.

As CSR, I also hope to utilise the venue for bigger student nights at the QMU [wouldn't re-introducing Wet Wednesdays be unreal?!], by contributing new event ideas and using cross-campus connections to ensure the monthly events calendar is as engaging as possible.

The QMU should serve as a safe space. I aim to place a huge emphasis on student welfare by raising awareness of safety on nights out, and ensuring the board will best act as a point of contact for support.

I'd like to increase the visibility of the QMU both online and on campus by maximising the QMU's social media presence [I have a lot of Tik Toks up my sleeve...]. I will strive to be an approachable member of the board, to further connect with students and feedback how we can increase the accessibility of our events.
