

FATIMA SAEED

CSR A

Hi, I am Fatima Saeed, a third-year politics student. I'm running to be your current student representative. I have been a student representative for the previously at QMU and for the last year was the events convenor. I enjoy being able to be involved with the Union and as a CSR I can represent the current students better.

If I am elected again, I would like to help with the C&C and mental health and well-being committee as much as I can. I would also love to continue my efforts with helping QMU gain more traction with the international student community and increase engagement at the Union, and help support the Union to organise diverse events for the students.
