

# KATIE KURTH

## CSR B Candidate

Hi! I'm Katie Kurth, and I'm a second year student studying anatomy! You've probably seen me in the back of the Big Bar Quiz on Wednesdays frantically tapping away at a computer and marking quiz sheets. I started out as a freshers' helper this year, and got a bit too involved. So involved that I wound up being a key part of running the quiz. But I love it! And I adore the QMU for being a place where you don't have to question whether or not you will fit in, because the answer is always yes.

If I am elected, there are several things I will do to support the QMU. Helping with the quiz is a big one for me, because now I am incredibly invested and want to see it do well. Everyone loves it, and I want to help keep it going any way I can. I certainly have the ability to adapt to whatever the QMU might need from me, and I will put that to use.

I am also very passionate about creating resources for nonbinary/trans people, as many forms of gender affirming care are expensive, even clothing like binders and bras. As a nonbinary person who got their first binder at a clothing swap, I love the idea of trans/nonbinary people having a place where we can help within our community. This could be a clothing swap once a month, or maybe having vendors from gender affirming clothing brands do pop ups in the venue.

The QMU and its members deserve people that are going to create spaces for them to have fun and get support if needed, and I will make sure that happens.
