

SHLOK VERMA

CSR B Candidate

My name is Shlok Verma, I come from the glorious country of India where I spent the first 18 years of my life. I came all the way to Glasgow for uni because I heard that it was a cool city. I am currently in my 4th year of undergraduate studying physics with astrophysics (I'm not intelligent). I don't listen to a lot of good music so my music knowledge is dog aids [don't ask me about music]. I like to play football, counter-strike and the piano. I don't know what else to write so just move on to my manifesto. Also, I like to cook.

As a passionate advocate for positive change and a dedicated member of our vibrant community, I am committed to be an integral part of this student body. I have been a fresher helper for QMU twice so I can say that I am familiar with the ins and outs of the union and what this place stands for. If elected as CSR, I promise to make myself available whenever needed and help out with events, PRing or whatever is required of me to do. I will make sure that the voices, suggestions and complaints of students regarding the union are heard and acted upon while actively being involved in making the building a safe and comfortable environment and a hub of inclusivity, creativity and empowerment. Being familiar with many of the people currently involved with the union, I am sure that I will have no problem starting out with my duties as soon as possible.

Thank you for considering me for the position of CSR. Your vote and support will no doubt help me make better the only building in campus which has been making noise since 1890.
