

# URJA SINGH

## CSR A Candidate

Hi, I'm Urja and I'm a 2nd year business management student. I want to be a Current Student Representative for many reasons, the main one being that the QMU has such a fun atmosphere which I would love to be more involved in. Being a CSR would allow me to be involved in all QMU events where I believe my input could be useful. I like to think outside the box and that coupled with my interest in marketing is fuel for some great event and promo ideas.

TLDR: job sounds fun let me do it :)

If I am elected as CSR I aim to:

Contribute new and unique event ideas for the events calendar.

- - My brain is like spaghetti. I got lots of ideas. Some good...most bad BUT the good
- ones are really good and stick to the wall. I think. I lost the analogy a bit but you get
- it.
- - Bouncing off that...Food fight????
- - That's a bad idea but statistics say my next one will be genius and I will use it to
- create the best most funnest event ever.
- Increase the QMU's social media presence.
- - I would like to contribute more of my ideas for both TikTok and Instagram posts to
- highlight just how hip and cool the QMU is
- - Mukbang in soundbite?? Perhaps a touch of ASMR???
- Be helpful.
- - Help the more important board members so that they don't cry
- - I just care about people so much :)
- - "Yes I can hand out your flyers in the rain no problem"
- Embrace the silly
- - The QMU is silly and I think that a strength so imma embrace that in everything I do
- - Pee pee poo poo and dat innit
