

ARCHIE DODD

CSR A Candidate

Hi, Im Archie, a 4th year maths student at the Univeristy of Glasgow, I Have Been involved with the union for 3 years now, mostly through fresher helping, as well as a couple quizzes, and would love to get more involved in my final year. I think being a CSR would be a great way to achieve this and would love the opertunity to put forward some ideas about the direction the union should go.

If elected I would love to work closely with the Events convenor to put on more inclusive events throughout the week that appeal to people who drink, and those who do not. This would include, but not be limited too;

- Actively looking to sponsor more clubs and societies for their socials,
- This could include free room bookings or discounted use of facilities such as projectors
- Reaching out to societies that do not traditionally go to either the QMU or GUU
- Part of the baking society and they go to the GUU but in the past have gone to the QMU so being able to keep them coming back would be great in the long term
- Look to make the bar a more popular place to drink on campus,
- More promotion of our cheaper drinks
- Look to create a more welcoming atmosphere (some ambiance),
- Dimming lights n all
- Possibly investigate sponsoring more GUSA clubs for their Wednesday Socials provided it does not clash with the Pub quiz.

Actively supporting more student and local bands/DJs to play at the QMU, like the jazz night but a different space for different genres.
